LOW-PRICED

THE LAST OF THE FERTILE LANDS in America, \$12 to \$25 per acre, lie in the beautiful Teton valley, Fremont county Idaho. Rich in soil, watered by abundant mountain streams, producing crops which astonish. There is a sheltered valley in which our company

still has 30,000 acres of cultivated land and a number of stock ranches which we are selling to desirable citizens on easy terms. An equable climate, ready market at producers' door, growing modern town, excellent schools, and churches, a clean, high-class community of 5,000 souls—all go to make life pleasant and profitable. Wheat averages thirty-five bushels, oats fifty bushels, alfalfa two cuttings, 3 1/2 to 4 tons, free timber to settlers, water rights with deed, coal \$2 per ton, vast open grazing range, good horse and cattle country. Let me tell you, personally, more of the last of the Fertile Low-Priced Lands in America.

CHIEF PITT GETS ANOTHER SOLT

Board of Estimates Shatters Last Hope for Increase in Police Force.

The board of estimates and apportionment yesterday turned down the recommendation of Tom D. Pitt, chief of police, that the police force be increased by ten patrolmen.

The motion was made by Councilman Martin and seconded by Murdoch. Ever since Pitt was elevated to the office of chief he has flooded the council with recommendations that an increase be made in the force. Somebody told him last Monday that the council that evening would pass an ordinance granting him ten additional men and providing for two lieutenants, one for the day and the other for the night shift, in place of Captain Burbridge, removed. Pitt took it for granted that something would be done and sent to show him that he is not running the city President Davis of the council ordered the communication tabled and instructed the committee to do nothing until the board of estimates acted.

The board acted yesterday and Chief Pitt's dream of power was dissipated. The board continued going over the department estimates for 1908 expenditures yesterday, but little progress was made.

An interesting event was a tilt between Martin and Hall in which the former called Hall a "pin head" and a "peanut politician."

Hall is a Democrat and is from the Fourth ward. He is a very witty speaker and is also "from Missouri" and has to be shown. His numerous questions concerning the estimates made and the plan for the distribution of the people's money seemed to anger Martin, who began a tirade against the man from the Fourth ward. "Why, you are nothing but an old pin head," said Martin, "and don't deserve any particular consideration. If it was not for your style of peanut politician the city would be much greater than it is now. You people are afraid to spend a dollar on anything and are willing to wallow in the mud for years to come. I just want to tell you where you get off at and that is all."

Hall did not answer, but said that he was sorry that he had done anything to offend the "learned" gentleman from the First.

Hall is the man who on Thursday presented figures to show how a bond issue may be avoided.

An adjournment was taken until next Thursday.

NOTICE TO OUR CUSTOMERS.

STRIKERS' POSITION STATED

Federation of Labor Pledges Its Support to Rio Grande Machinists.

H. D. Robertson, representing the machinists' union, reported at the meeting of the Federation of Labor last night that the Rio Grande machinists had been compelled to reject the proposition offered by the railroad company because its terms would have meant the loss of the union so far as railroad work was concerned. The moral and financial support of the federation was pledged to the striking machinists.

The matter of feeding United States army recruits at a Japanese restaurant was again discussed. It was decided to ask Senator Smoot to take steps to put an end to the giving of such contracts to aliens.

Carl Ostby and A. H. Niece were elected delegates to the convention called for April 6, at which a state federation of labor is to be formed.

J. C. Weckworth, recording secretary, resigned and Allen H. Burt, of the street railway employees' union, was chosen in his place. Mr. Weckworth, who represented the cigarmakers' union, is going into business for himself.

RAILROAD BLAMED FOR DEATH

Shooting of Mat Zorn at Bingham Junction Results in \$10,000 Damage Suit.

Because her husband was shot and killed at Bingham Junction on February 28, by a Missouri Pacific train, Mrs. Johanna Zorn has filed an action for \$10,000 damages against the company in the district court.

Mrs. Zorn says that her husband, Mat Zorn, entered the yards of the company on the night of his death and was ordered to halt by the watchman. Instead of doing so he ran and was shot and injured. He died at the hospital on March 5. The widow asserts that although her husband was technically a trespasser that Cochran had no right to shoot under the circumstances and that the railway company should be responsible for the acts of its employees.

GIVEN UP TO DIE.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down and a year ago had to abandon work entirely. I had three of the best physicians, who did me no good, and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured. Why not let it help you? F. J. Hill Drug Co., 'The Never Substitutors.'"

WELLS ON THE BOARD.

(Special to The Herald.)
New York, March 27.—At the annual meeting of the stockholders of the Newhouse Mines & Smelters company, held today, Heber M. Wells and Alvin Untermeyer were elected directors in place of Lafayette Hanchett and M. M. Johnson. Mr. Wells represents the holders of the company's stock in the state, estimated at about 75,000 shares. The other retiring directors were re-elected.

Our regular Saturday \$5.00 millinery special!

The success which attended our first Saturday \$5.00 millinery special—last week—amply repaid us for the preparations we made for it, and encouraged us to even greater efforts to make these "specials" a great feature.

The styles are splendid—just as good as you find in the more expensive and imported models—the main difference being in the fact that they are "copies" and of domestic manufacture—the looks and general effect, however, being scarcely at all inferior to the more expensive kinds.

They're hats well worth up to \$7.00 and \$8.00 each. Choose Saturday only at your pick **\$5.00**

This will be one of our "features" throughout the season—a \$5.00 hat sale every Saturday.
